

Every Person Deserves a Home That Fits Their Needs

In 1979, our founder, Marc Kelly, joined with six determined parents to open Greystone’s very first group home. A home for young men with autism. Their dream was simple yet powerful: to create a safe, loving, and permanent home for their sons. More than 45 years later, that dream is still alive most of the original individuals continue to reside in that very same home today. ***This is not just a residence. This is their forever home.***

Like so many aging adults, these six men share a common wish to age in place with dignity, comfort, and independence, rather than being relocated due to physical limitations.

Today, their greatest challenge is a bathroom that no longer meets their changing mobility and safety needs. With the right environmental modifications, we can ensure that their home remains safe, accessible, and supportive for years to come. This year’s Annual Appeal is dedicated entirely to renovating their bathroom to be fully ADA-compliant. Every dollar raised will go directly toward this vital project, no administration, no overhead, just direct impact.

Our goal is to raise \$25,000 to complete this renovation.

Your gift, no matter the size, will transform daily challenges into daily victories. It will be felt every single day in the privacy, safety, and independence these men deserve. Most importantly, your generosity will allow them to remain in the home they love, surrounded by the memories and comfort that define a lifetime. By giving today, you are not just funding a renovation.

You are honoring a promise made over four decades ago.

You are protecting dignity. And you are making a dream come true. We invite you to join us in making this dream a reality for six remarkable men at Greystone’s legacy home.

With heartfelt gratitude,
