Greystone Programs is a privately run non-profit organization. Our administrative office is located in Hopewell Junction, NY,. We provide essential services and life-enriching opportunities to over 650 children, adults and families in the Mid-Hudson Valley region of New York State.

What sets Greystone apart is our exceptional team, composed of over 400 professional employees from diverse backgrounds and walks of life. United by a shared mission, our staff embodies a driving force to deliver outstanding services that make a meaningful impact. We take pride in the diversity of our workforce and celebrate the incredible work they do each day.

Greystone has grown tremendously since our beginning, now offering exceptional services and life-enriching opportunities in seven counties for more than 650 children, adults, and families with autism and other intellectual and developmental disabilities. Today, the flagship Individual Residential Alternatives (IRA), Greystone House, is home to seven men who function within the range of severe to profound intellectual disabilities; it is just one of the 18 homes Greystone now operates. Our services are available in Columbia, Dutchess, Orange, Putnam, Rockland, Ulster, and Westchester counties, and includes programs in residential and non-residential settings.

Greystone Programs utilizes Applied Behavior Analysis (ABA) as an evidence-based and scientific approach to teaching essential skills for increased independence in home and community settings. ABA forms the foundation for teaching and supporting individuals to enhance their communication, socialization, daily living, and vocational skills.

At Greystone Programs, we believe in the transformative power of support and understanding.

Message from our CEO

At Greystone Programs, our work is rooted in the belief that every person deserves dignity, opportunity, and belonging. Each day, we support individuals with autism and other developmental disabilities, along with their families, across the Hudson Valley.

Behind every program is a person building independence, confidence, and meaningful connections. Our events are more than dates on a calendar, they are moments where community comes together to celebrate ability and inclusion. As we look ahead to 2026, we are excited to expand these opportunities and deepen our impact.

This work is only possible through the generosity and partnership of our supporters. When you sponsor Greystone Programs, you are investing in people and in a more inclusive future. Your partnership helps ensure individuals we support continue to thrive in their communities. Together, we can enrich lives one person at a time.
